

Be Glad for Today (Lyrics)

(Hook) (2 times)

Be glad for today

Stay up U, in the now activate God's power

Be glad for today, stay up U

(Verse)

Almost universally agree the reconciliation biblical

Still they find a way to dis a lyrical peace

They push oppression no confession beast

G. O. D. Released over time to feel the least

The point in the first place even way back starin' at the haters while they carried on, maybe they lacked

Internal resources takin' peace courses

we motivate (echo)

It's all a stand for something or fall for anything logic flow building what we know so the seeds can handle dough (by the way F.L.O.W. Hiphop logic translation is truth revealing...a 2x awakening)

Most times who you know and where ya been don't know everything so we peacin' as we go

Goes as it does with apocalyptic hosts let me scribble knowledge we know God's close

Sweeping change any range in the air like a ghost

Light the word.... coast to coast

(Hook)

Be glad for today

Stay up U, in the now activate God's power

Be glad for today, stay up U (2 times)

(Verse)

Because we Nonstop (echo) how it's gotta be

Early good stays that's that feelin' free

Relatively basically nobody agrees until 1st Thessalonians 4:17..one!

(We meet God's Spirit in the Air...with God's reap n sow always)

Always a need for balance air community

find your heart is our advice to any foolery

they can calm down now learnin unity

dealing with it too, more than you and me

Hope beyond the dis and the scarcity driven relationships

Peace to all the squats how we working through vacation kids

Work with that one love how we liftin' lids

sleep tight light power love is love always did

Let the water over the rocks churn things through

Patience is the essence of the process real true

Team one word bond nothing new

Iron sharpens iron to the closest 1 crew

(Hook) (2 times)

Be glad for today

Stay up U, in the now activate God's power

Be glad for today, stay up U
