Haters take a seat time Eclipse fools sleeper beast

Love to Taifa yeah we're chilling kicking peace

As we learn to share the air

Always there start to care

Use the force for good it wasn't meant to scare

Yes call this a rescue let it bless you (U)

Believe if you dare :o)

See the world through the eyes of love patience in the place

Within above we thank for God's Grace

How we get through things whether home or state to state

All in God's time Owlin love to every face

We realize how the story threaded through

Extremes cause extremes love my Brotha nothin' new

The meek to teach the few you got tha good power you

Survivin Cooliente doing what ya do

(Always in the music...thanks)

Tech power lovin' from tha root

Meetin' God in the air honest effort into fruit

To whom it may concern from paranoid perceptions into whoa yo they need the truth

Take courage we're the proof

Disengage from the lie when the spirit get loose
