Hook:
(A bit of) comfort in our life being present with each other
One Team spiritually close is everything another
Day is now improvise your peace one love power special process of your Wellness, 7 minutes to an hour (2 times)
Verse:
Liberty and learning leaning on each other checkin' static,
"Con'll" blockin' Justice keepin' Light Within discover,
truth is love same battle different lie "oh there's another",
day to day we choose to pray that's right I love my Brother.
It'll seem like (we're) playing with em' strong arms running game
exploitation of the people reading scarcity just the same
(it) takes time find a rhyme they take and then they try to blame.
"Show em' Owlin!" Checking claims divide and conquer while they Fame
( <i>The many examples in Human History</i> : using a dis to gain fame for political office, or "Unpurposeful static dissent for dissent's sake" to gain fameor like using doubt about a Leader's citizenship to stoke fear of immigrants to divide a nation, when actually a particular fear mongering citizen is the undisclosed hidden threat)
Next phase G.O. reach
Threaded batches Super Peace (tah dahhhh)
Sleeper weeds sompn' to eat
Harvest wheat go n' teach, Pulling arms this morning golden curtains never knew to each
(just like the Brittish stronghold on India thought, that Gandhi's march to the sea would not be anything yet it was a powerful peacehistory repeats itself, and the sleeper leaders will sleep on the love as beforewheat and tares parable once again)

Separation of church and state, keep the love, reject the hate that claims itself (yet is really) the enemy of the peoplewhat?wait
What in the worldtump n' champers, pillow talk fakes, (even) Stalin fought the Hitler flesh, (so) wake it up to pampers fate

Outro:			

Liberty is a rare and precious thing.

We have a choice to be a voice

If we ain't talkin faith hope and freedom, and public interest? Then it ain't for the people. So, we focus on the process of wellness. Retreat into Fellowship peace. Teaching and educating "trickles" that still uses the Electoral College and filling baby coffins full of votes, that the people didn't vote for....fight back in the right way (like Gandhi...through non violence).

We face the art not the lie.

Wheat and tares parable,

(Prayers within the Millennium Eclipse...)
