Hook:

Higher, keep it flowin', how high higher, keep it knowin', how high, higher, faith it goin, how high higher 😎 (2 times)

Verse:

OK little sense of humor goes a long way
Affirmations positive hope Faith one pray.
Out of it what's good truly make a save day
Off ramp to drama loops
Quote to peace the same day

10 on 3 to 35 on 7
Half a tank of gas is more still a story close to Heaven
Keep keepin' on Fam
Purposefully one eleven
Spirit light Hip Hop spit a round for the Brethren

Prayer exercise and reading
No matter what we're dealing
We can motivate through it feeling
Better gravity and channeling to keep breathing
One way or another every effort healing

God Spirit always on the move

But people not

Gotta try to get with love

Spirit how we see God

At ease, what it is, Forgive yourself good start

Forgive another even better Global people peace art

Verse:

With love we say don't get too close to the utmost

With the nicest strong together Learn respect no joke

G.O.D. love, in effect "Yo Ghost"

Put it in a rhyme we dig it written all love notes

He's it, really? we together, how we keep smart

Love was God's point Omega Alpha Boog shiv farts

That's right Sense of humor we expect the best far

As how as how we went, so lighten up, give thanks, real heart

Privatization doesn't know truth or human nature.

Wouldn't care, or if it did, we have to keep the people safe from

Autocratic agitations terrible

Not a neighbor

Couldn't work with future savers legacy of famous haters

Giving thanks for all of us beyond terror loyalists

Witnessing the reconcile plead the blood glorious

Laborious the knowledge slow and steady they ignoring us

Take it easy be safe God's light warriors

Hook:

Outro:

Peace Team. We give thanks for each other. Our collective story. We boast of the living word. Let's keep healing through humility. And regroup through forgiveness of ourselves and others. It's a healing balm of the soul. Is prayer really helping us? We're One Spirit. And thoughts are energy. Love to 7:15. The testimony of the word. And peace to respectful "Skanky Skunks". We love you. And love from and peace to "Books are our Friends". We can be leaders of ourselves and each other. Peace to "Doin' his clock work". A sacred ground collective peace. The victory is in the surrender. Peace
