Love spirit infinitely naturally it's a given

Oath of office friends like Early Bird genuine  
No doubt lighten up Owlin really love you in  
No time for B.S. agitation messin' with him  
Everyday a clean slate to heal wellness Bretheren

Stabilize the agitation level O.G. purple peace  
 Try to calm it down it's okay we can Spirit teach

Agitation hurts another can't it have some empathy  
 Calm it down learn respect allow some human dignity  
 Disrespect, know that people strugglin' identity  
 Channeling is difficult so lighten up the critic please

Chosen People four hundred years is the same way  
 "My Black Suit On" "every skin is not a kin" wait  
 "Blessed with Melanin" lets unite about the peace pray  
 Hitler like confederate same enemy creep play

"Planet Bother" agitates like the devil lie hate

We brought the peace to the world now it's what they all make

God said its Team One peace and not divide fake

Learn to love G.O.D. Dub Hop fast break

Politics of hate modern times tare big mistake

Even if it's a strategy truly stupid sleeper take

Unfortunately history with the repetition evil fake

Watch it deal into its own owie agitation sake.

Outro:

Peace. To "We're a Fellow Servant". What's a Bird to a Flock. (a bit of musing on this – years ago and even today, scarcity thought it could just decide what Rhymin for Rapture was all about, when God – call it Providence or Luck – said its about the People – not scarcity – it was always about Brotherly and Sisterly Love, and we build from there - You know respect the 'Flow n' Peacy-Afro' unity vibes)

HipHopOneLove. Revelations 19:10 and 14:6. (Fellow Servant Respect God, and One Faith while many Nations) Peace to "Kick and a snare to stay stuff". Praying for peace to the world, and healing to "talking in circles" selling dreams chasing algorithms into a time void.

The democratization of trading.

Peace be with us. "Eternal comedy" lighten up. (that if the world story wasn't so tragic, it would be a comedy of errors)

Heal the frustration void.

We give thanks for the "Believer Convergence". Our mission to Stabilize and keep building... those who were playing with the Good Word, it ran its course. Peace. (This summer 2023 we sensed a convergence within RunGame new/previous Spirits uniting about love and peace, very needed and hoped for).
