[illegible]

Micro E-mini Nasdaq-100 Index Futures (Sep 2026) - 5 - CME O:29,290.75 H:29,294.50 L:29,271.25 C:29,286.75 -3.75 (-0.01%)

Acceptance

Acceptance

CISD

Closing remarks:  
Started a chat with Quant because the trade signal near the key level was not an "Acceptance" signal as it should be  
Also, gotta program a CISD alert.  
Peace

Most Recent: Acceptance
