Intro:

Gratitude....Please don't take our gratitude lightly. And stop hatin' on Dun. Once again, stop hatin' on Dun, that ain't the point. Onelove peace. The truth's goin' at all angles. Amen, let it shine through, peace. Just glow, don't let em dim the hope. Speak faith, write flows.

Verse:

My brutha needs to be himself and close to his people.

The Wu and it's extensions in tha air we equal

Yup anotha level links verse ta verse he explained

Yet they ain't listenin' get tha gist like the streets will

We make it look good or easy maybe but it really ain't

Effortless effort like zen soldjahz and saints

Moment ta moment no doubt only faith

It's one or the otha keep it tunes, skates n paints

Lift out rejoice exist like the stars in the universe

Conflict fixed it with love that breaks any curse

Process out of nothin' speak faith or it's worse

That's for some of us, ain't forcin' peace but that's first

Polarity pushers with their noses in the air
Like we said, let it go, ain't a joke, beware
Negativez bending the laws of life don't you dare
What's good wish him well, and hope that somebody's there

Hook:

Don't let am dim tha hope, just glow, rest low, it's a law of respect, speak faith,
write flows (repeat 4 times) 😊

Verse #2:

It's a spiritual movement know that it transcends tha skin
Haters go away that's how bad we win
What's good for real respect and heal expression is a consciousness
Yeah that's right I'm launchin' this n show love to my twin

P. E. A. C. E. spell it out sink in
Music Peace Time get it, and let's begin
Understand it's God's plan beyond our time
We create ta feel better not to hate and there's much to defend

Daily routine maintain you know what I mean

Re-orient tha mind spirit body, all on the team

Centering not like the haters not worth mentioning

Because we apple of his paw and special so don't make a scene

It's all love, so don't trip or force a problem or fiend

Well enough alone and hone some peace to tha seems

In our molecules the spirit lives ta cure all the ills

So let it go and move beyond so the good can be scene

Hook:

Don't let am dim tha hope, just glow, rest low, it's a law of respect, speak faith,
