

## We Live Too – at a Distance (lyrics)

Intro: What's the word for today

Singer: ooooh...we live too, at a distance ( 2 times)

Verse 1:

Inextricable no tricks had to fix the negativity  
Perplexed by the checks make a list  
Friends invest respects more diversity not accuser excuses  
Industry meet God's fist

Settin' the truth loose testimonious proofs we choose  
To remember we hit bottom only up teeth tooth ( ☺ )  
A project in the air what's fair reduce the hater's stare  
It's about truth it comes to light set it loose

Death or lighten up while rap stars gloss the message  
For money is everything cleaning up the recent wreckage  
For years now we still care address the have nots and  
Be grateful fame is temporary be living with the presence

They succeed while B sleeps all cash while we creep  
Silently from within wise up n still leap  
Redeem the spirit to the gills with Gilla  
9-5 too much death tumultuous grimaces  
Face the music or lose it peeps

Hook : Ooooh, We live too...at a distance (2 times)  
“we'll probably hear bout' that on the radio later,  
Seems to be more about reactions than solutions”

Verse 2:

Surrounded by poets all 4 one plurbus unum one out of many  
Shiny pennies school or not God's children  
Bet 4 on the 3 feel better first peace to 22's  
They rap bout' the snooze detach and keep buildin'

The truth will surface Google it it's biblical why bother us  
If it ain't addressing the issue maybe on tv  
They still followers  
Ask the O.G.'s we left one hangin' but that's our opinion who's winnin'  
God will that's the end all cash and no B bother us

Wake him up right now we don't do that to ours  
Hiding around denial shrouds disguised as evil sours  
Divine powers through the words we tried too much  
Without knowledge come cleans express God powers ☺

No apologies feel this breeze not too over caught on the spokes please  
But we say that kind of stuff like Killah Bees  
Bout' the game have salt in yourselves motivates what it means  
The guys flash the cash becuz their hated on  
So catch a breeze

Hook: ooooh, we live too, at a distance (2 times)
