<u>Make Way – A World Inside (lyrics)</u>

Verse 1

We know Brethren the thing is still goin' on Respectfully within we know iron and iron here's a song Somebody had to be the "Oh my God that's you" Turnin' up the Cultural delete the racists long gone

We know we make it look good it was really Like the They Lived movie hatin' us for profit Let the Elders hash it out who care enough Instead of emotional possessions takin' sides into snares stop it!

Division is division spent years tryin' ta make peace And that's the real life that we're livin' The people not the lie and God's takin' it back Every stage as it relates to us with unity the vision

1,000 a minute we're chargin' the Rap game for air time every dime Peace with yours Peace with mine and meanwhile "Time to clear this up" ^(C) until we're there "Feelin' it right"? ^(C)

Chorus:

Make Way, startin' today, Let's Pray, Every day (2 times)

Verse 2

Yesterday we helped another Artist make a million Still chillin' people's music n not the villain Won't stop until we take the music back Battle of the 4's Spirit takes all so stop the killin'

There's trade offs with everything the melody will never stop Dub Hip Hop Righteous Bold as A lion Never sleep on Reggie [©] highest can never be touched Fight the enemy with equality now that's flyin'

9 M.C.'s couldn't stop the family affair All is fair love is love warfare Let my pen say what he likes well enough to set me free Give Him a shoe not a sue ovah there

Reaping gratitude lyrical relates How we talk in a song Jazz Rap Classic attitudes Considering geography and Man's plight we're doin' well Death to drama here's to life feelin' Brand new Chorus:

Make Way, startin' today, Let's Pray, Every day (2 times)

(Thanks to all the senses of humor and lights in the storm)
